

New Source Review newspaper advertisements for construction permit applications, June 28, 2007. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: June 26, June 27, or June 28, 2007. Public notices are generally published every two weeks. The previous publication of public notices was June 14, 2007.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is US Department of Energy, Oak Ridge Y-12 National Nuclear Security Administration with a mailing address of P.O. Box 2050, Oak Ridge, TN 37831-8009. They seek to obtain an air contaminant permit (Division identification number: 01-0020-09/60947) for construction of a Steam Plant on Bear Creek Road, Oak Ridge, TN 37831. This proposed operation would consist of four (4) package boilers, each equipped to burn natural gas or Number 2 fuel oil. The boilers would be equipped with low-NOx burners and flue gas recirculation systems to reduce emissions. This new steam plant would replace the existing steam plant when testing is complete. There would be physical construction. Emission of regulated air contaminants would decrease as a result of this replacement. Ms. J. Aslinger is the assigned Division person.

For the Anderson County "Oak Ridger"-- published once on or before Thursday, June 28, 2007.

The applicant is Vulcan Construction Materials, L.P. with a mailing address of P.O. Box 7, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number 18-0131-01/61020) for construction of a Rock Crushing & Sizing operation located at 1902 Cox Valley Road, Crossville, TN 38571. This proposed operation consists of crushers, screens, conveyors, crushed aggregate stockpiles and associated equipment to produce crushed limestone aggregate. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. W. Medley is the assigned Division person.

For the Cumberland County "Crossville Chronicle"-- published once on or before Thursday, June 28, 2007.

The applicant is AvanTech Manufacturing with a mailing address of One Timco Drive, Building 110, Mt. Pleasant, TN 38474. They seek to obtain an air contaminant permit (Division identification number: 60-0187-

04/61013) for construction of a Rubber Compression Molding Operation at the same address. This proposed operation would consist of hot presses and associated equipment used to produce automotive floor mats. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Fuss is the assigned Division person.

For the Maury County "Daily Herald"-- published once on or before Thursday, June 28, 2007.

The applicant is Cookeville Limestone LLC with a mailing address of P.O. Box 187, Cookeville, TN 38503. They seek to obtain air contaminant permits for air contaminant sources located at 1100 Old Cavalry Road, Cookeville, TN 38506, as follows:

(1) Rock Crushing Operation (Division identification number: 71-0052-02/61000). This existing operation consists of a crusher, screen, conveyors, and associated equipment used to make crushed stone. Wet suppression is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. M. Reynolds is the assigned Division person.

(2) Generators (Division identification number: 71-0052-03/61001). This existing operation consists of two diesel-powered generators and associated equipment used to produce electrical power. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the Putnam County "Cookeville Herald-Citizen"-- published once on or before Thursday, June 28, 2007.

The applicant is Rinker Materials South Central, Inc. with a mailing address of P.O. Box 2389, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number: 74-0009-03/60994) for construction of a Rock Crushing Operation at 4275 Highway 431 North, Springfield, TN 37172. This proposed operation would consist of a hopper, crusher, screen, conveyors, and associated equipment used to produce crushed stone. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the "Robertson County Times"-- published once on or before Thursday, June 28, 2007.

FIRST APPLICANT:

The applicant is Nissan North America, Inc. with a mailing address of 983 Nissan Drive, Smyrna, TN 37167. They seek to obtain an air contaminant permit (Division identification number: 75-0155-15/61014) for modification of a

Surface Coating Operation located at the same address. This existing operation consists of a spray booth, oven, and associated equipment used to coat automobiles. Exhaust filters are used for pollution control. The requested modification is to remove the material usage limits in the current permit. There would be no physical construction. Regulated air contaminants emitted by this source would stay the same. Mr. M. Reynolds is the assigned Division person.

SECOND APPLICANT:

The applicant is Kroger LPI, with a mailing address of 10168 Linn Station Rd., Louisville, KY, 40223. They seek to obtain an air contaminant permit (Division identification number: 75-0441-01/61015) for modification of a Gasoline Dispensing Facility located on 463 Sam Ridley Parkway West, Smyrna, TN, 37167. This existing operation consists of one (1) 24,000-gallon two-compartment gasoline tank and 8 gasoline nozzles. Stage II gasoline vapor recovery is used for pollution control. The requested modification is for the addition of two (2) gasoline nozzles. There would be physical construction. Regulated air contaminants emitted by this source would increase. Mr. H. Flores is the assigned Division person.

For the Rutherford County "Daily News Journal"-- published once on or before Thursday, June 28, 2007.

The applicant is Blalock Lumber Company with a mailing address of P. O. Box 4750, Sevierville, TN 37864. They seek to obtain an air contaminant permit (Division identification number: 78-0201-01/60903) for construction of a Concrete Batch Plant at 624 Sugar Hollow Road, Pigeon Forge, TN 37863. This proposed operation would consist of a concrete batch plant, silos, and associated equipment used to produce concrete ready mix. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. O. D. Jacobsen is the assigned Division person. **NOTE: This public notice has been republished to correct the site address previously published as 1624 Sugar Hollow Road, Pigeon Forge, TN 37863.**

For the Sevier County "Mountain Press"-- published once on or before Thursday, June 28, 2007.

The applicant is Gravure Inc., LLC d/b/a Sparks Cylinder Service with a mailing address of 682 Lebanon Highway, Carthage TN 37030. They seek to obtain an air contaminant permit (Division identification number: 80-0061-01/61009) for construction of a Chrome Plating Operation at 682 Lebanon Highway, Carthage TN 37030. This proposed operation would consist of printing plates chrome removing solution tank, plates cleaning and polishing equipment, plates re-chroming by electroplating equipment using 2 acid tanks, 2 rectifiers, and associated equipment used to refurbish worn cylindrical printing plates. A ventilation system and a packed-bed wet scrubber with mist-eliminator would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. R. Benjamin is the assigned Division person.

For the Smith County "Carthage Courier"-- published once on or before Thursday, June 28, 2007.

FIRST APPLICANT:

The applicant is the Sumner County Animal Control with a mailing address of 635 Long Hollow Pike in Gallatin, TN 37066. This existing operation consists of one 2,000,000 BTU per hour boiler and associated equipment

used in the cremation of animal remains. They seek to obtain an air contaminant permit (Division identification number: 83-0306-01/60954) for modification of an Animal Cremation Unit at 635 Long Hollow Pike in Gallatin, TN 37066. The requested modification is to replace the existing Shenandoah P25-2GMI cremator with a Therm Tec Model G-8-P cremator having the same burner capacity. Natural gas would be used for fuel. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Doug Wright is the assigned Division person.

SECOND APPLICANT:

The applicant is Mary's Market with a mailing address of 1503 Memorial Blvd., Springfield, TN 37172-3234. They seek to obtain an air contaminant permit (Division identification number: 83-0359-01/60981) for construction of a Gasoline Dispensing Facility at 845 Springfield Hwy, Goodlettsville, TN 371027-1129. This proposed operation would consist of two (2) underground tanks and four (4) gasoline nozzles. Stage I vapor recovery would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. W. Collins is the assigned Division person.

For the Sumner County "News-Examiner"-- published once on or before Thursday, June 28, 2007.

The applicant is APAC Atlantic, Inc. Harrison Division with a mailing address of 1301 Spring Hill Road, Knoxville, TN 37914. They seek to obtain an air contaminant permit (Division identification number: 14-0007-02/60774) for a Diesel-fired Generator located at 120 River Road, Celina, TN 38551. This existing operation consists of a diesel-fired generator used to provide power to an existing batch mix hot mix asphalt plant. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. M. Smith is the assigned Division person.

For the Clay County "Citizen-Statesman"-- published once on or before Thursday, June 28, 2007.
